## balinese rijsttafel (megibung).

*"Megibung, the tradition of King Karangasem's inheritance which was carried out after the end of the traditional ceremony, some groups of 4-8 people sitting cross-legged were close together. In the midst of serving rice mounds and side dishes on a tray. They eat mouthfuls for an orderly sip. The meal was interspersed with small talk. This is the Karangasem-style eating culture called megibung. The megibung tradition began in 1614 Caka (or 1692 AD), when one of the Kings of Karangasem, I Gusti Anglurah Ktut Karangasem, fought to conquer kingdoms in Sasak (Lombok). When the soldiers took a break, he made a meal rule called megibung. Until now the megibung tradition is still being carried out in Karangasem and Lombok, and has become the pride of the local community. Megibung is full of unique values and rules. In megibung, large amounts of rice are placed on top of the pan that has been coated with temas. One serving of rice gubungan (rice and side dishes) enjoyed by one group is called one sela. In the past, one interrupted must be enjoyed by eight people. Now one can be enjoyed by less than eight people, such as 2-8 people. Megibung is full of together values. In megibung in general there is no difference in sex or color chess. One interrupted member, for example, can consist of men and women, or a mixture of groups. This shared value has been proclaimed since the days of I Gusti Anglurah Ktut Karangasem, and has become a tradition today.*

# friday orphan.

We are honored to invite you to join us for an afternoon High Tea in Paradise Every Friday 4:30 – 6 PM where you will also learn the secret of making those wonderful Balinese sweet cakes Jaje Laklak along with many other delectable Balinese sweet cakes and snacks. The High Tea is complimentary but we will ask you to help us support the orphans of the local Yasa Kerti Foundation in Amlapura in any way you feel you can. Of the many daily offerings you will have seen here on Bali we would like to share Canang Sari with you our guests, it is of special importance to our orphans. Not everything on Bali is as happy as it sometimes seems - but we try to help where we can. This "help" takes the form of paying for all her school fees and supplies, transport, uniforms and giving her a little pocket money - all of this is made possible through your kind and generous donations, tips and with some extra assistance from the Ashyana holding company. Ni Wayan Sri Astiti often joins us at the hotel and has become a member of the Ashyana family.

## tipping system.

First of all we thank you from the bottom of our hearts for your generosity and we also would like to inform you that we set aside 20% of the tip money you so generously gave for social and charitable needs such as helping less gifted and disabled children along with supporting the Yasa Kerti Orphanage in Amlapura who are currently caring for over 25 children all variously needy of our help and many with physical and mental disabilities. The remaining 80% of your generous tips are collected and distributed to the all staff who have earned them every six months, one week before the most holy ceremonial day of Galungan which comes every 210 days and is very similar to the Christian holiday of Christmas in its importance to Hindus. On behalf of the Hotel. Management we would like to thank you for your interest and we welcome all comments or any questions you may have. The tipping box is in our lobby and the centre of the beach
